Surge Bins

Material storage bins, or Surge Bins, are available in sizes ranging from 25 cu. ft. to 800 cu ft.. Large quantities of material can be stored using very little floor space. They can be filled or discharged using pneumatic or screw conveying equipment. There are many options available to adapt these bins to almost any material handling system. Check with us to see just how affordable bulk storage can be!

For Screw Conveyor or Vacuum Take Away			Extended Legs for Gravity Discharge
